

CODE RAILS

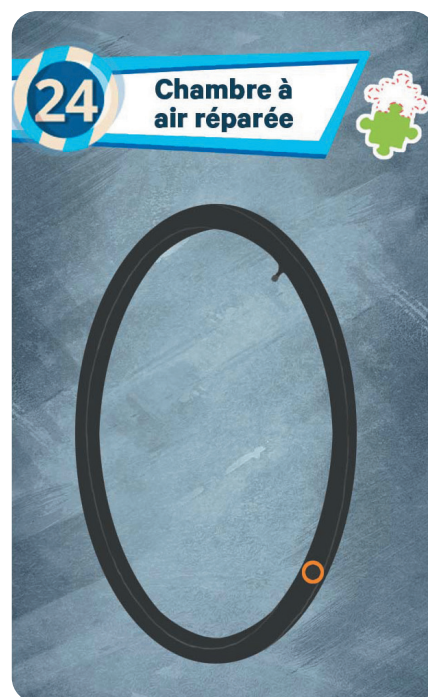

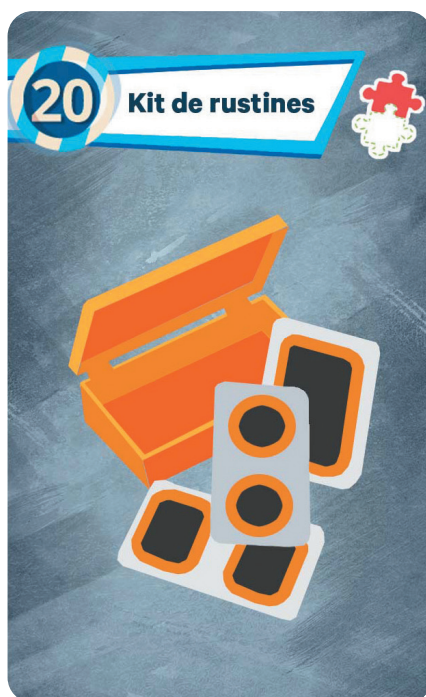

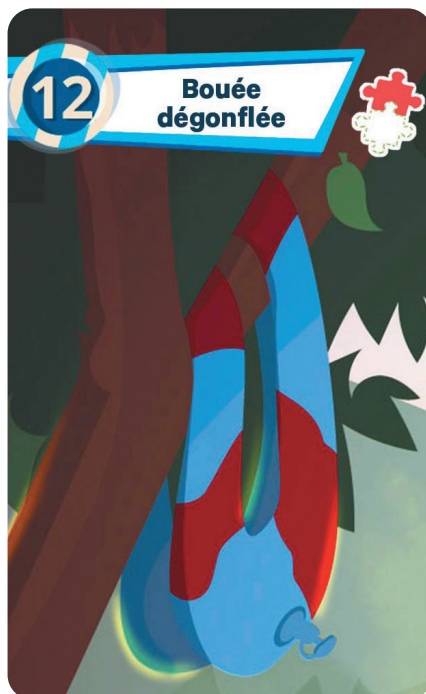

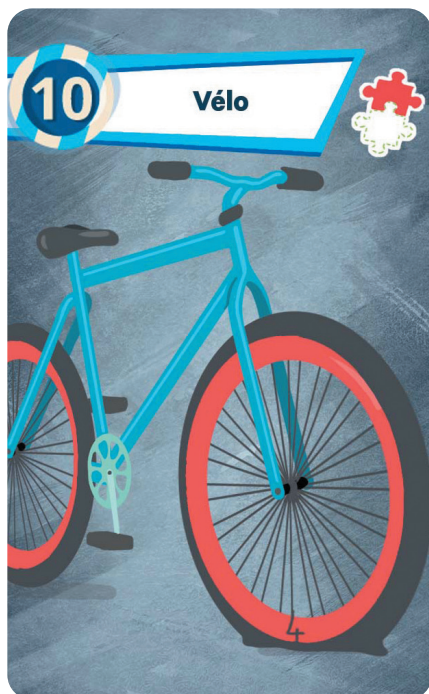

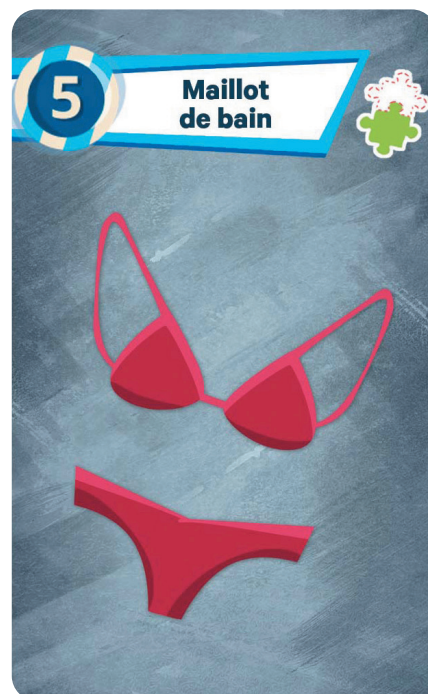

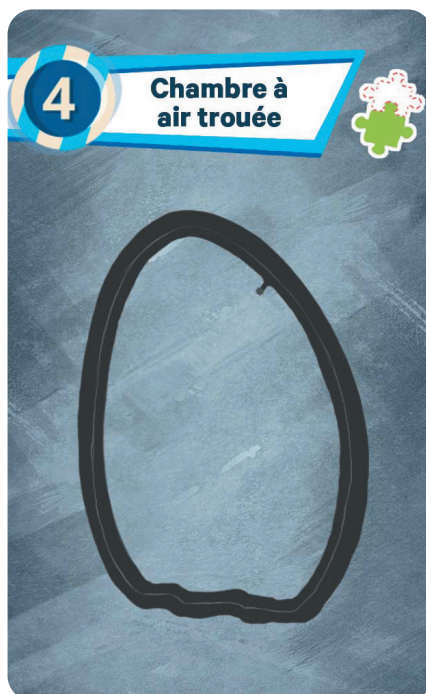

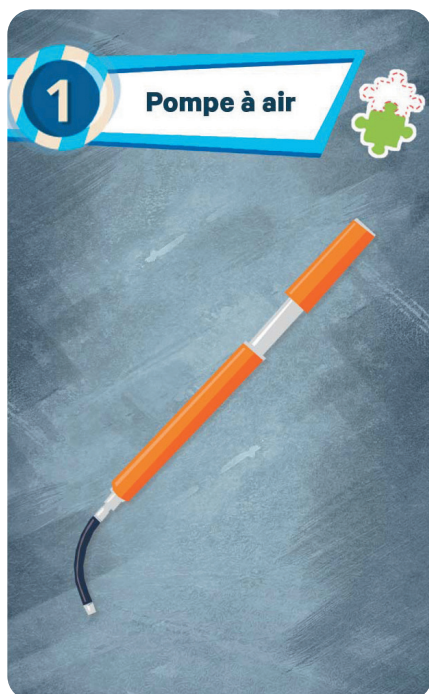

Aventure 2 :

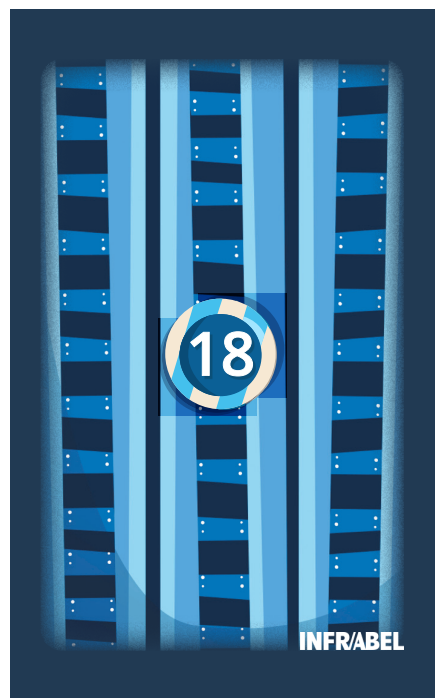

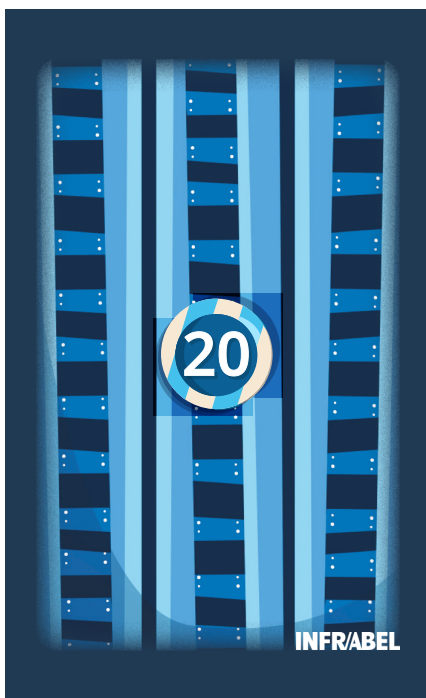

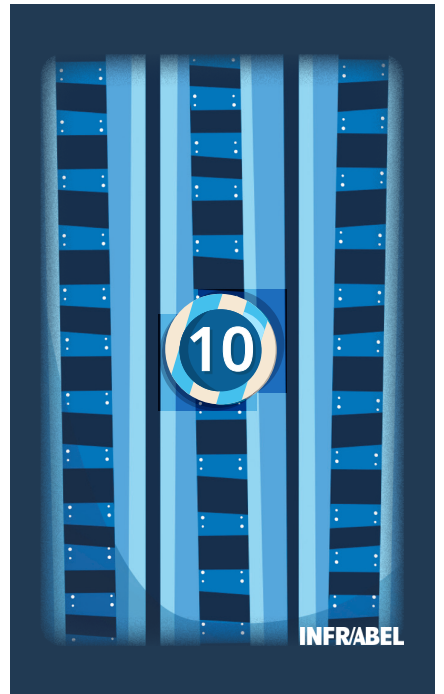

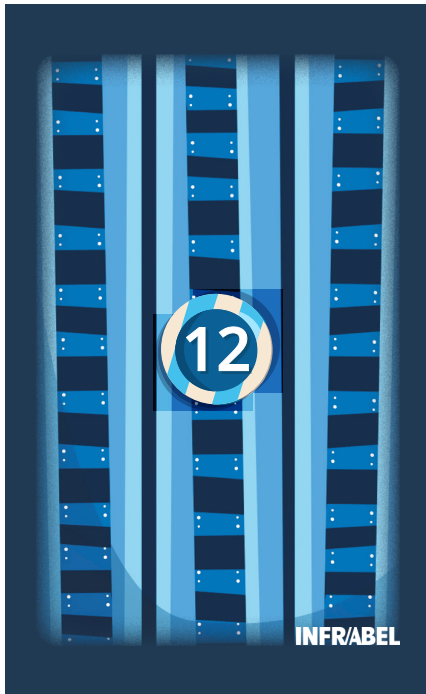

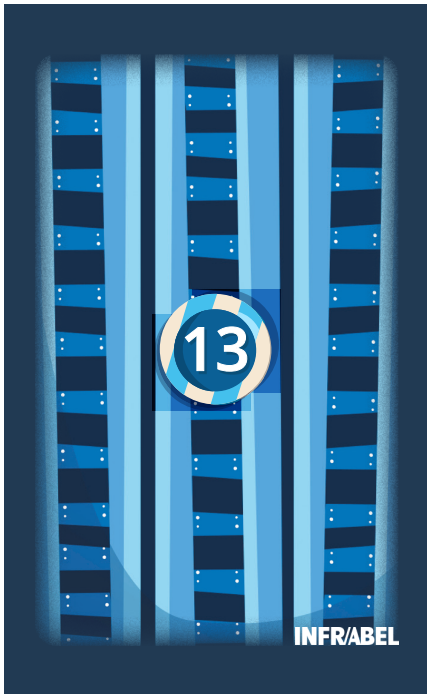

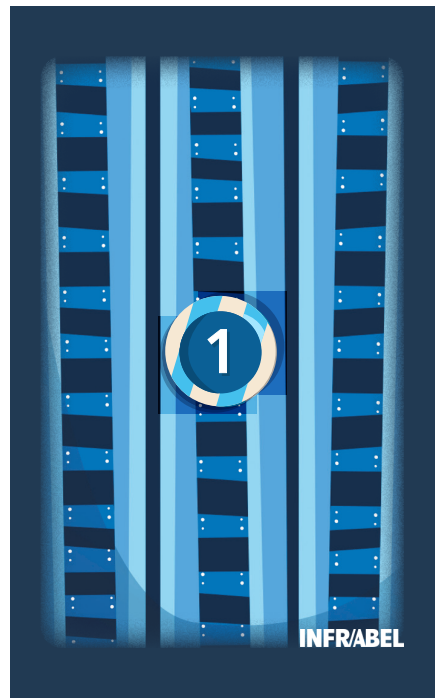

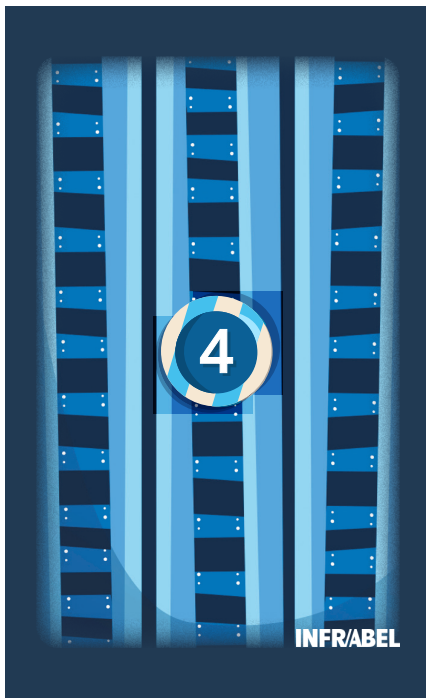

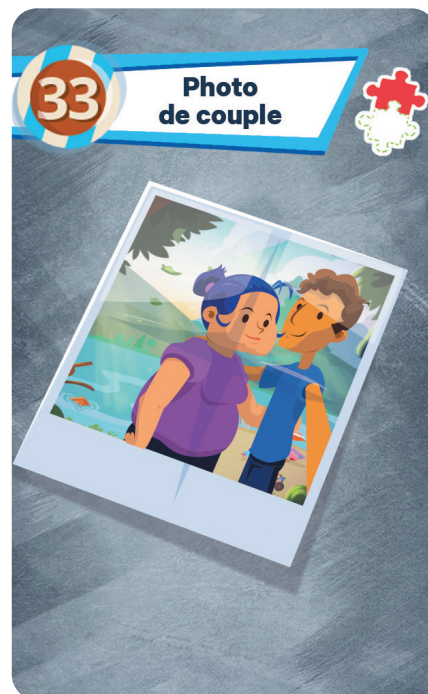

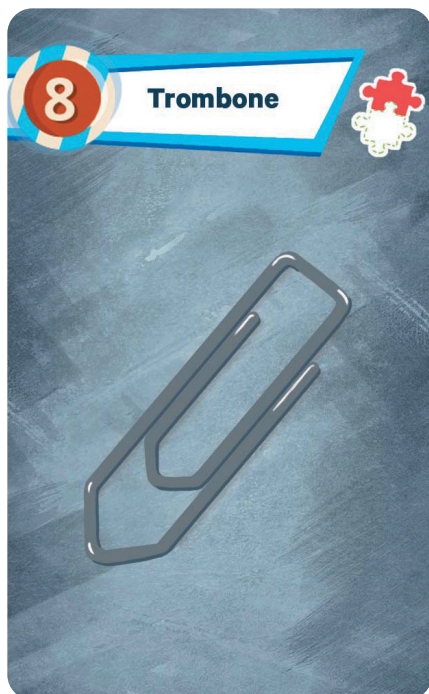

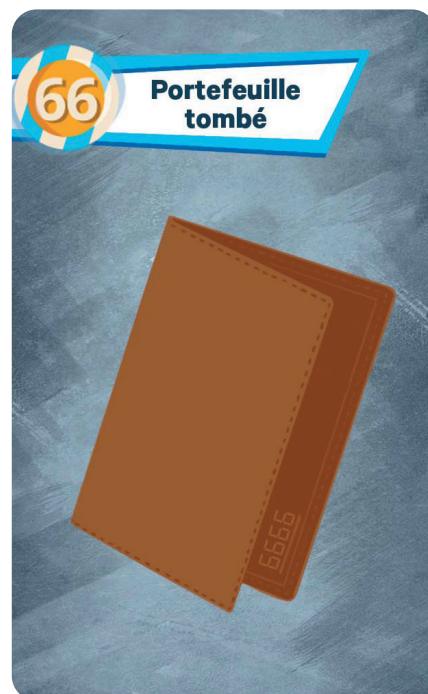

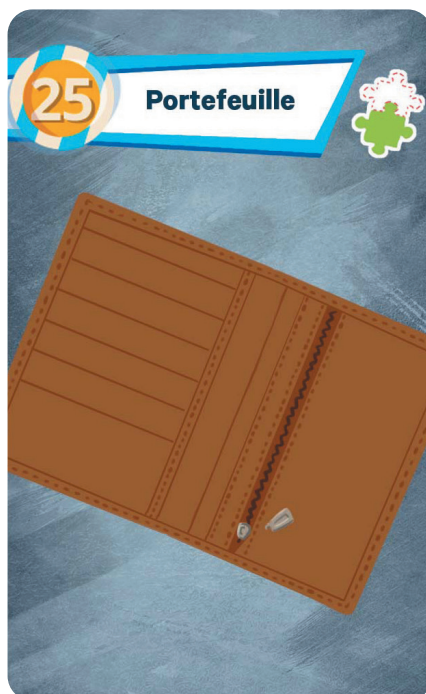

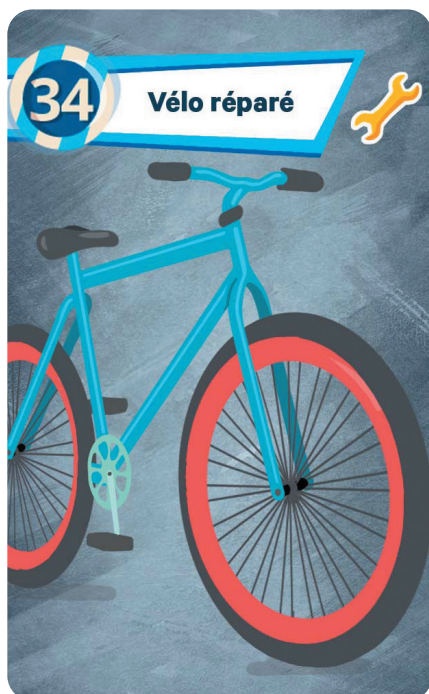

Tu te réveilles un matin à cause d'une mouche qui s'amuse à voler en cercle autour de tes oreilles. De toute évidence, même l'été a ses inconvénients ! De mauvaise humeur, tu la chasses en agitant les bras et tentes de la faire partir par la fenêtre ouverte. Il n'est que 8 heures, mais il fait déjà chaud. Tu regardes le soleil qui s'annonce écrasant et décides de donner rendez-vous à tes ami.e.s au lac, pour le début d'après-midi.

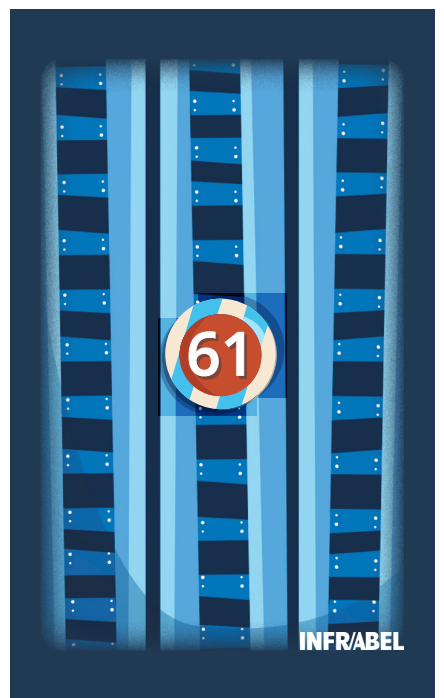

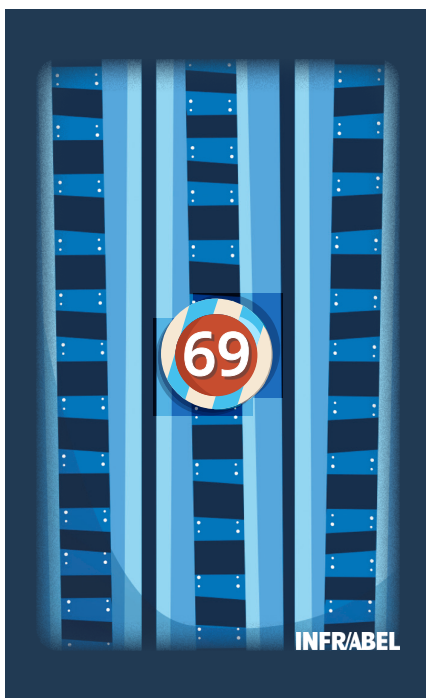

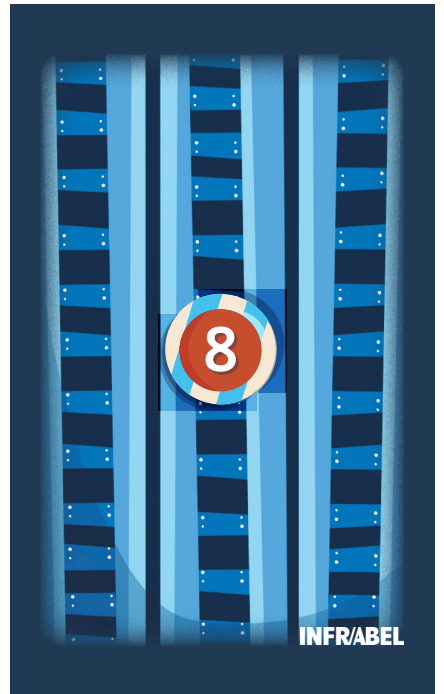

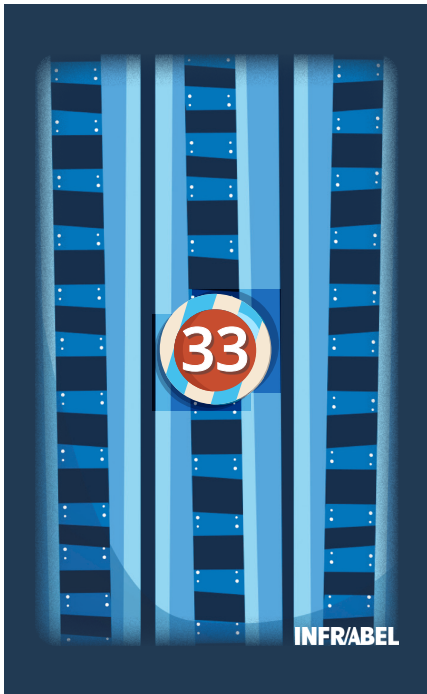

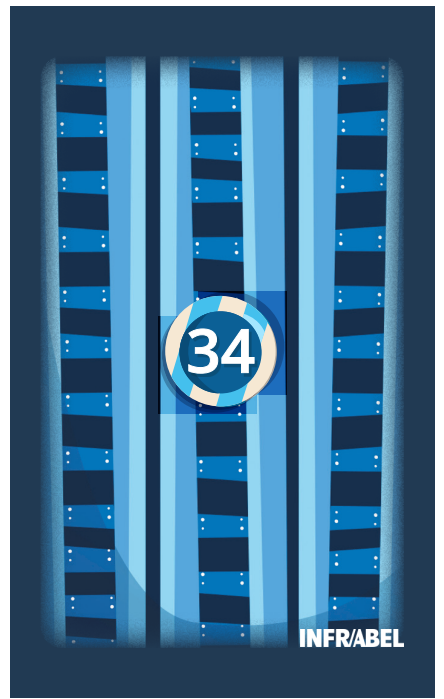

Rien de tel qu'un point d'eau pour supporter les grosses chaleurs. Par contre, tes ami.e.s et toi auriez pu être plus prévoyant.e.s sur les provisions. Sarah et Paolo décident d'aller faire le plein de boissons et de sucreries au magasin le plus proche et partent à vélo. Mais une heure s'est écoulée et il et elle ne sont toujours pas de retour. Tu tentes de leur téléphoner mais il et elle ne répondent pas... Peut-être vaudrait-il mieux aller voir si tout va bien...
